### Comments from Rick Bolus:

*"Athletes are born, shooters are made."* With that in mind, the Rick Bolus **High Potential "Blue-Chip" Shooting/Offensive Moves Camp** will be held June 24-25 at Georgetown College in **Georgetown, Kentucky**. It is located just 12 miles north of Lexington off **I-75** and **I-64**. This ultra successful camp has proven to be an invaluable experience for the attending players.

Shooting and offensive moves are two aspects of the game that you can work at on your own. There are legendary stories of players practicing their shooting endlessly making them great marksmen. But to do so, they had to have the proper techniques. That is where the **High Potential "Blue-Chip" Shooting/Offensive Moves Camp** can make the difference.

From free-throws, to 3-point shooting and to offensive moves, you will be expertly taught the fundamentals that you will take home and work on. You will be instructed on the *right way* to shoot along with offensive moves to get your shot off. Your only challenge is to follow through. Know that every college coach cherishes the pure shooter.

Our **experienced staff** will guide you through an intense yet enjoyable two days. Also, we have a **low player/coach ratio** to provide you with more individual attention. If you are looking to take your game to the next level, then let the **High Potential "Blue-Chip" Shooting/Offensive Moves Camp** assist you in getting your game to its highest potential!
